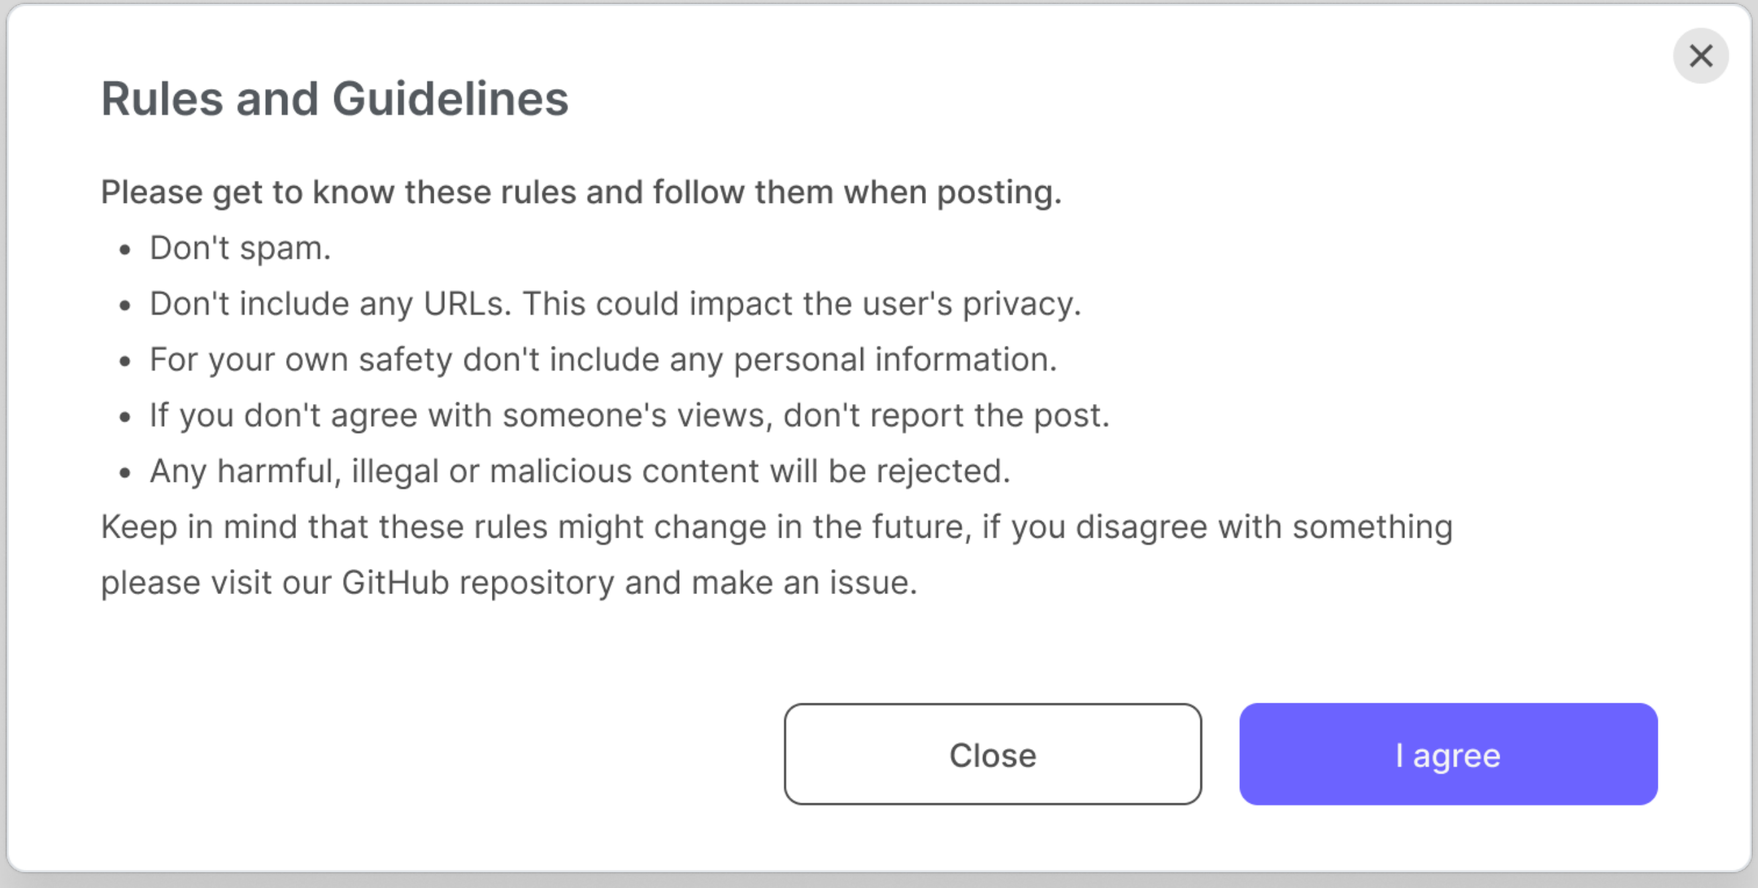
2. When you press the “rules” link, a pop-up will show up (next slide)

Editor page (slide #6)

Rules pop-up



Rules and Guidelines
Please get to know these rules and follow them when posting.
Don't spam.
Don't include any URLs. This could impact the user's privacy.
For your own safety don't include any personal information.
If you don't agree with someone's views, don't report the post.
Any harmful, illegal or malicious content will be rejected.
Keep in mind that these rules might change in the future, if you disagree with something please visit our GitHub repository and make an issue.

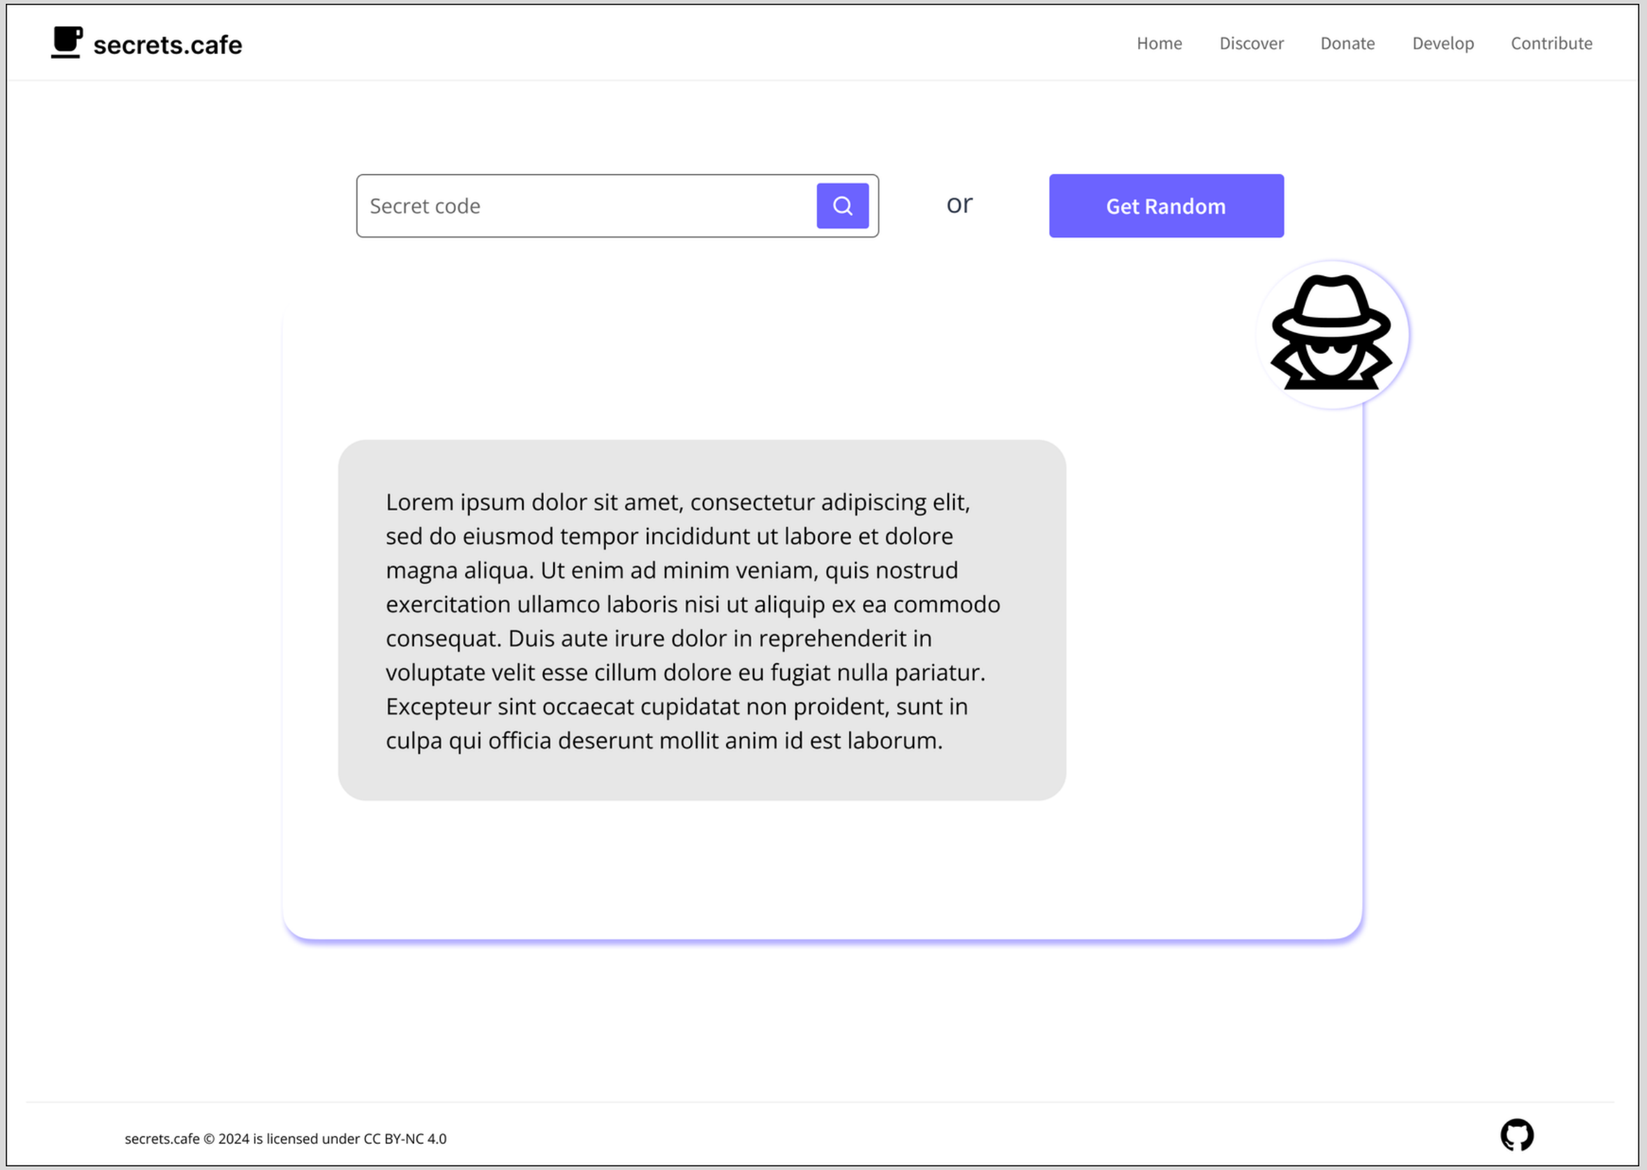
Reading a post page



The idea behind this, is that whatever a user wrote is a message that we received from that anonymous user
